

Please note that due to the New National Lockdown effective 05.01.2021, we can only see clients at our offices by prior appointment and in full compliance with BTMK's Covid-Secure Guidelines. These arrangements must be made in advance and only where exceptional circumstances apply.

Please note that our teams are fully working and our preference is to meet with clients by video-conferencing wherever possible. We will post any changes to our office opening arrangements on our website and through social media and our receptionists will always have the latest information available.
