

COLOURFUL

APPROACH IS A BIT MORE LIVELY

For years, BTMK Solicitors have been **very proud** of our association with the NFDC and its members. We have been trusted to give **high quality advice** to the Federation and now, with the backing of the NFDC, we want to ensure that you, the members, are able to benefit from our expertise across **all areas of the law**.

Like you, we understand the pressures and economics of business. We're not interested in wasting your money. We will keep the **costs in check** and the end in sight. To prove this, we are giving all members and associated members of the NFDC a **10% discount on our fees**.

In addition, because we know that sometimes all you need is a **quick chat**, and a **point in the right direction**, we're setting up a free helpline for NFDC Members to call to get the right advice, quickly and **cost effectively**.

The free helpline number is **03300 585 222**.

Feel free to use the helpline.

We look forward to speaking with you soon.
